One Simple All-In Cost

With one of the largest customer reserves holdings in the market and serving individuals in over 70 countries, we have taken every step to make the buying and selling of wine easy for our clients.

Some wine merchants present storage as complex, opaque and their offering can be full of hidden charges and exclusions - but this does not have to be the case!

With Bordeaux Index you have access to unlimited photography, Octavian's world-leading facilities, access to your online cellar to buy, sell and trade 24/7 with no minimum charges and no landing fees.

The new annual fee - £14 per case/12

or

£7 per case/6

Discounted to £13.50 per case/12 or £6.75 per case/6 if you choose to take advantage of our new subscription service

Our new annual fee will be effective for the storage period July – December 2023.

You can also take advantage of a reduced annual fee by signing up to our Storage Subscription Service. Our subscription service makes it easier than ever to pay your storage fees. Once you have set up your subscription account, payment will be taken twice a year, in January and July and you can manage your payment method at the click of a button in your account.
